

Safety Declaration: 100% Virus & Malware Free

Developer: UrbanSetu Engineering & Security Operations Team **Official Release:** v1.2.8 & v1.2.0 Multi-Architecture Ecosystem

At UrbanSetu, data privacy, device integrity, and user security are our top priorities. We understand that downloading Android APK packages requires complete confidence and trust.

This Safety Declaration confirms that all UrbanSetu release packages (**Modern**, **Legacy**, and **Universal** editions) are compiled directly from verified source repositories, signed with authentic credentials, and guaranteed to be clean, safe, and free from harmful payloads.

Security Guarantees & Certifications

- 1. Zero Malware / Adware:** Contains no viruses, trojans, ransomware, cryptocurrency miners, spyware, or unwanted background services.
 - 2. Deterministic Build Pipeline:** Built using secure Expo / React Native release compilation with strict dependency auditing and no third-party trackers.
 - 3. Restricted System Permissions:** Operates only with explicitly requested permissions (Location for Mapbox property discovery, Camera/Media for property photos and video inspections). The app NEVER accesses personal contacts, SMS, or private device files.
 - 4. End-to-End Cryptographic Signatures:** Every release is signed and matched with the public fingerprints published in [CHECKSUM.md](#) / [CHECKSUM.pdf](#).
-

Multi-Engine Antivirus Verification

Prior to publication, all APK binaries are submitted to **VirusTotal** and scanned across 70+ global antivirus engines, achieving a flawless **0/70 (100% Clean) Safety Rating**.

Verified Against Leading Antivirus Engines:
