

Safety Declaration: 100% Virus & Malware Free

Developer: UrbanSetu Engineering & Security Team **Declaration Date:** May 27, 2026

At UrbanSetu, our users' security and data integrity are our absolute highest priorities. We understand that installing application packages (APKs) directly from Google Drive requires a high level of trust.

This Safety Declaration confirms that the downloadable package **`urbansetu-latest.apk`** is built directly from our secure source code repositories and is guaranteed to be entirely safe and free of any harmful software.

Our Security Guarantees

- 1. Zero Malware / Adware:** The package contains absolutely no viruses, Trojans, spyware, keyloggers, or invasive adware.
 - 2. Secure Build Pipeline:** Every build is generated on isolated, secure automated environments and digitally signed using official UrbanSetu developer certificates.
 - 3. Automated Vulnerability Checks:** Before release, the code undergoes rigorous security audits, static analysis, and dependencies scanning to prevent security leaks.
 - 4. Data Protection:** The app operates strictly within its declared permissions (Location, Camera, Storage) and does not access your personal contacts, SMS messages, or private media files.
-

Independent Verification Results
